Perfect Driver

Holding a driver's license is a privilege. In your hands, you hold your own life, that of your passengers, and those of other road users. It is your responsibility to be a safe driver.

Perfect Driver

This Course

So, what will you get out of this course?

First and foremost, we want to ensure you obtain your driver's license, and if you already have one, to keep that license.

We do this by covering important road rules in depth, with images, animations, and easy to follow discussions, explanations, and examples.

Second, we want to make you a better driver. And there is more than this to just knowing the road rules.

We look at some ideas and techniques that could save your life, your passenger(s) lives, and/or the lives of other drivers and pedestrians.

Third, we'll show you how to save money.

Save money by reducing fuel use. Save money by preventing or avoiding accidents. Save money by avoiding traffic and parking fines.

Assessments

The assessments appear at the end of the course. You'll be able to review any non-assessment lessons at any time, but once an assessment has been started, it must be completed, or it will register as a failed attempt.

The assessments are at the end of the course for good reason. We want you to learn and remember. It is no point remembering rules and facts for five minutes. So pay attention! Anything could be in the tests.

Perfect Driver
